

# Step Into Spring

## The Power of Fresh Air & Outdoor Lighting

As the days grow longer and the temperatures begin to rise, there's no better time to step outside, breathe in the fresh air, and embrace the beauty of nature. Whether it's a morning walk, an evening stroll, or simply relaxing on your porch, spending time outdoors can help you unwind and recharge.

### *Make the Most of Longer Days*

With spring sunsets stretching later into the evening, now is the perfect time to enjoy outdoor activities. Evening walks, backyard gatherings, or quiet moments on your porch can help you take advantage of the season's extra daylight.

For those who enjoy outdoor time after sunset, consider energy-efficient outdoor lighting to enhance safety and visibility. Southeastern Indiana REMC offers several outdoor lighting options to illuminate your yard, driveway, or walking path, making it easier to enjoy your space even after dark.

### *Brighten Your Evenings with REMC Outdoor Lighting*
